Solar Homeowner Checklist

Blank copy | Check each item after you have gathered it.

☐ **Agreement and amendments**

Find the documents and note whether the agreement describes a purchase, loan, lease, or power purchase agreement.

☐ **Who to contact**

Check the installer, equipment maker, and lender or lease provider listed in your records.

☐ **Bills and system records**

Gather the statements or production records relevant to your question.

☐ **Warranty and repair history**

Find the warranty or save service dates and correspondence.

☐ **One clear question**

Write down privately what changed, when it happened, and what you want clarified.

Keep this checklist and your documents for your own records.

Do not send contracts, account numbers, financial information, or sensitive documents.

General information, not legal or financial advice. This is not an eligibility decision.

It does not change your agreement or payment obligations.
